Testimonial for Vicki Summerby

Dear Vicki,

We just want to say a huge and heartfelt thank you.

In a short time, you have made such a difference to SwimTayka. You've taken something that often felt complicated and worrying, and turned it into something clear, calm, and reassuring. Because of you, we can now look at our finances with real confidence – and that means we can focus more fully on the children and communities we are here to serve.

It's not just your skills and professionalism that stand out, but the kindness, patience, and care you bring with them. You always take the time to guide us, explain things, and make sure everyone feels included and understood. That generosity of spirit has made us feel more like a team than ever.

This letter and flowers is a small way of showing how grateful we are. We are so lucky to have you with us, and we look forward to all that we will achieve together as part of the SwimTayka family.

With warm thanks,

SwimTayka Trustees
